Autumn/Winter Edition Issue 51

### Dear Friends and Supporters,

As we approach the end of the financial year and the time for annual giving I am again asking you to please remember our welfare work of saving the lives of companion animals.

These wonderful sentient creatures are precious living entities just like us except that they belong to other species.....we humans have made them dependant upon us and it is our responsibility to ensure that they are safe and cared for and not discarded and killed as being worthless. Unfortunately to be able to save these animals SADS needs your financial help...so please support this work as much as you can.

Yours in appreciation,  
Pam Weaver  
President

## YARRAMBAT PROPERTY NEWS

SADS supporters will remember that a planning application for improvements to the Yarrambat property facility was lodged some months back with the Nillumbik City Council.

The council officers had not identified any issues concerning the SADS application, however, as is usual nowadays ,objections were received and the planning officers responded to these objections by requesting that an acoustic report be done.

SADS commissioned this report and is now awaiting the findings. Once SADS is in receipt of this report SADS will be able to embark upon the next stage in gaining the required permission from council .

The length of time involved for all of this to happen, or perhaps more precisely, not to happen is not unusual nowadays with anything to do with planning, but it is of course very frustrating.

It is very important to SADS that it lives happily amongst its neighbours at Yarrambat and it has always been SADS' aim to improve the facility and all things concerning the operation of the property and to this end SADS will be proposing to meet with its neighbours with a view to mediating the situation, after which it is hoped the application will finally be presented to the Nillumbik Councillors for a decision.

SADS is optimistic that the Spring newsletter will be able to report more progress than has happened up to this date.

### DONATIONS YOU MAKE TO SADS OF \$2 OR MORE ARE NOW TAX DEDUCTIBLE ON YOUR ANNUAL TAX RETURN

Save-A-Dog Scheme (SADS) was established in 1985 to offer a humane alternative to the killing of unwanted dogs, especially dogs of good temperament, that would otherwise be destroyed at pounds and shelters.

SADS is an incorporated, non-profit, community-based organisation controlled and operated by volunteers with the help of paid staff. It operates as a registered animal shelter and combines this with foster care in the community. Each dog is desexed, vaccinated, wormed, microchipped, vet-checked and temperament-assessed prior to adoption.

SADS has a no kill philosophy and believes that the dichotomy of a dog being "Mans Best Friend" on the one hand and an unwanted article for destruction on the other is totally unacceptable. SADS is a "coal-face" organisation, which saves hundreds of dogs each year and which seeks, by example, to provide a better way of treating non-human animals.

Save-A-Dog Scheme relies on donations for its continuing existence and does not receive any government funding. Donations to Save-A-Dog Scheme are now tax deductible and help with the general care of the dogs and the maintenance of the organisation. The greatest expense is for veterinary treatment for the dogs, which includes the care of sick and injured dogs. These dogs are nursed back to health rather than being destroyed as they may be elsewhere.
